

LUCIDPREP

# Grade 10 Fine Arts

U.S. Standards-Aligned Course Syllabus

## FINE ARTS: VISUAL ART

Fine Arts · Visual Art

36 weeks • 4 modules • 70% mastery

### Curriculum Architecture

This course is organized as 36 weeks across four 9-week modules. Every week follows LucidPrep's established secondary learning cycle: AI Instructor opening, objectives, vocabulary, five warm-ups, main lecture, two short tutorial videos, AI Instructor presentation, two homework sets, and a 40-question assessment.

**Mastery standard: 70%+.** Students below mastery review the instructional presentation and may retake the assessment, matching the existing LucidPrep secondary model.

### U.S. Alignment Note

About half of U.S. states require at least one fine-arts credit for graduation, and the requirement can be met through visual art, music, theatre or dance. The National Core Arts Standards are the dominant national reference; all arts disciplines share the same four artistic processes. This course uses Visual Art as the representative discipline.

| 9    | Review / Retake            | Below mastery → review presentation → retake         |

## Assessment Philosophy

Assessment is continuous and mastery-based. Each week pairs low-stakes practice (five warm-ups and two homework sets) with a 40-question weekly assessment. Students scoring below 70% review the instructional presentation and retake, so mastery is reached before progressing. Module assessments at Weeks 9, 18 and 27 and a cumulative final at Week 36 measure retention and synthesis.
