

LUCIDPREP

Grade 10 Physical Education

U.S. Standards-Aligned Course Syllabus

PHYSICAL EDUCATION

Physical Education

36 weeks • 4 modules • 70% mastery

Curriculum Architecture

This course is organized as 36 weeks across four 9-week modules. Every week follows LucidPrep's established secondary learning cycle: AI Instructor opening, objectives, vocabulary, five warm-ups, main lecture, two short tutorial videos, AI Instructor presentation, two homework sets, and a 40-question assessment.

Mastery standard: 70%+. Students below mastery review the instructional presentation and may retake the assessment, matching the existing LucidPrep secondary model.

U.S. Alignment Note

Physical education is mandated in nearly all U.S. states (typically 1-2 credits across high school). The SHAPE America National Physical Education Standards, revised in 2024 to four standards, are the dominant national reference. Because PE is movement-based, the LucidPrep digital cycle here delivers knowledge instruction and assessment, paired with logged activity and skill demonstrations tracked outside the platform.

Prepared for LucidPrep • Curriculum Planning Edition • 2026

Common Instructional & Assessment Model

Weekly Learning Cycle

Step	Component	Description
1	Opening / Domain Overview	~2-minute AI Instructor introduction
2	Objectives + Vocabulary	Student-facing outcomes and core terminology
3	Warm-Up	5 questions with explanations
4	Main Lecture	Concept instruction, models and examples
5	Video Tutorials	2 short instructional videos
6	AI Instructor Presentation	Visual models, examples, strategies and applications
7	Homework	Two sets of 5 questions
8	Weekly Assessment	40 questions; 70% mastery
9	Review / Retake	Below mastery → review presentation → retake

Assessment Philosophy

Assessment is continuous and mastery-based. Each week pairs low-stakes practice (five warm-ups and two homework sets) with a 40-question weekly assessment. Students scoring below 70% review the instructional presentation and retake, so mastery is reached before progressing. Module assessments at Weeks 9, 18 and 27 and a cumulative final at Week 36 measure retention and synthesis.

PHYSICAL EDUCATION

Grade 10 PE aligned to the
SHAPE America National Physical
Education Standards (2024)

This 36-week course is designed around **the SHAPE America National Physical Education Standards (2024) — motor skills, movement and fitness concepts, social skills, and lifelong personal responsibility**. It is a full-year curriculum with four nine-week modules and a consistent LucidPrep mastery workflow.

Grade	Grade 10
Course	Physical Education
Duration	36 weeks
Structure	4 modules × 9 weeks
Weekly assessment	40 questions
Mastery threshold	70%
Module assessments	Weeks 9, 18, 27
Final assessment	Week 36

Course Learning Outcomes

- Develop a variety of motor skills and movement patterns.
- Apply movement, strategy and fitness concepts.
- Develop social skills — cooperation, leadership and fair play — through movement.
- Build personal responsibility and self-management for activity.
- Value and choose physical activity for lifelong health.

PHYSICAL EDUCATION

Module 1 — Movement Skills & Fitness Foundations

Week	Topics	Students will be able to	Standards
1 — Introduction & Fitness Assessment	Course overview; baseline fitness testing	Assess personal fitness and set goals	S2/S4
2 — Components of Fitness	Health- vs skill-related fitness	Explain the components of fitness	S2
3 — Principles of Training	FITT, overload, progression, specificity	Apply training principles to a plan	S2
4 — Cardiorespiratory Endurance	Aerobic activity; heart rate; monitoring	Improve and monitor cardiorespiratory fitness	S1/S2
5 — Muscular Strength & Endurance	Resistance-training basics; safety	Perform strength activities safely	S1/S2
6 — Flexibility & Mobility	Stretching; warm-up and cool-down	Apply flexibility and mobility techniques	S1/S2
7 — Movement Skills & Patterns	Fundamental and specialized movement	Demonstrate competent movement patterns	S1
8 — Personal Fitness Plan	Designing a balanced program	Design a personal fitness plan	S2/S4
9 — Module 1 Assessment	Cumulative review of fitness foundations	Demonstrate mastery of Module 1	S1–S4

Module delivery notes. Blend knowledge instruction with movement. Use digital lessons and knowledge checks alongside logged physical activity, skill demonstrations and fitness tracking. Emphasize personal responsibility and lifelong, enjoyable activity.

PHYSICAL EDUCATION

Module 2 — Individual & Dual Activities

Week	Topics	Students will be able to	Standards
1 — Target & Precision Activities	Concepts of archery/bowling/golf-type activities	Apply skills and rules of target activities	S1/S2
2 — Racquet Sports I	Fundamentals, rules, strategy	Demonstrate racquet-sport fundamentals	S1/S2
3 — Racquet Sports II	Advanced strategy and scoring	Apply strategy in racquet play	S1/S2
4 — Track & Field	Running, jumping and throwing events	Perform track-and-field skills	S1
5 — Fitness Activities	Circuit, interval and functional training	Participate in varied fitness activities	S1/S4
6 — Lifetime Individual Activities	Yoga, pilates, recreational activities	Explore lifetime activities	S4
7 — Social Skills in Activity	Sportsmanship, cooperation, etiquette	Demonstrate social skills through movement	S3
8 — Skill Demonstration	Applying individual/dual skills	Demonstrate proficiency in a chosen activity	S1
9 — Module 2 Assessment	Cumulative review of individual activities	Demonstrate mastery of Module 2	S1–S4

Module delivery notes. Blend knowledge instruction with movement. Use digital lessons and knowledge checks alongside logged physical activity, skill demonstrations and fitness tracking. Emphasize personal responsibility and lifelong, enjoyable activity.

PHYSICAL EDUCATION

Module 3 — Team Sports & Strategy

Week	Topics	Students will be able to	Standards
1 — Invasion Games I	Basketball/soccer concepts; spacing	Apply offensive and defensive concepts	S1/S2
2 — Invasion Games II	Team strategy and positions	Apply team strategy in invasion games	S2/S3
3 — Net / Wall Games	Volleyball concepts; rotation	Apply net/wall game skills and strategy	S1/S2
4 — Striking / Fielding Games	Softball/baseball concepts	Apply striking and fielding skills	S1/S2
5 — Teamwork & Communication	Roles, communication, leadership	Demonstrate teamwork and leadership	S3
6 — Officiating & Rules	Rules, fair play, officiating	Apply rules and officiate fairly	S2/S3
7 — Game Strategy & Tactics	Reading play; adapting tactics	Analyze and apply game tactics	S2
8 — Team-Play Assessment	Applying team-sport skills	Demonstrate team-sport competence	S1/S3
9 — Module 3 Assessment	Cumulative review of team sports	Demonstrate mastery of Module 3	S1–S4

Module delivery notes. Blend knowledge instruction with movement. Use digital lessons and knowledge checks alongside logged physical activity, skill demonstrations and fitness tracking. Emphasize personal responsibility and lifelong, enjoyable activity.

PHYSICAL EDUCATION

Module 4 — Lifelong Wellness & Personal Responsibility

Week	Topics	Students will be able to	Standards
1 — Nutrition for Performance	Fueling activity; hydration	Explain nutrition's role in performance	S2
2 — Stress Management & Activity	Movement for mental wellbeing	Explain movement's role in wellbeing	S4
3 — Fitness Technology	Wearables, apps, activity tracking	Use technology to monitor activity	S2/S4
4 — Community & Recreation	Local activity opportunities	Identify lifelong activity options	S4
5 — Injury Prevention & Safety	Warm-up, technique, injury care	Apply safety and injury-prevention practices	S2
6 — Goal Setting & Self-Assessment	Reassessing fitness; adjusting goals	Evaluate progress and adjust goals	S4
7 — Personal Responsibility	Motivation and self-regulation	Demonstrate personal responsibility for activity	S4
8 — Lifelong Activity Plan	Capstone personal activity plan	Create a lifelong physical-activity plan	S4
9 — Final Assessment	Cumulative final across all modules	Demonstrate mastery of the full course	S1-S4

Module delivery notes. Blend knowledge instruction with movement. Use digital lessons and knowledge checks alongside logged physical activity, skill demonstrations and fitness tracking. Emphasize personal responsibility and lifelong, enjoyable activity.

Assessment & Alignment

Assessment Blueprint

Warm-ups: weekly • Homework: weekly • Weekly assessment: 40 questions • Module assessments: Weeks 9 / 18 / 27 • Final: Week 36 • Below 70%: instructional review and retake.

Standards Alignment

Primary framework	SHAPE America National PE Standards (2024), Standards 1–4
PE Standards (SHAPE 2024)	Develops a variety of motor skills; applies knowledge of movement and fitness concepts; develops social skills through movement; develops personal skills and chooses to engage in physical activity.
Recurring Concepts	Physical literacy; skill development; fitness; personal and social responsibility; lifelong activity.
State mapping	PE is mandated in nearly all states (typically 1–2 credits across high school). The SHAPE America National Physical Education Standards guide most state frameworks.

Content Production Guidance

Author each week around a movement/fitness focus: 5 warm-ups, a concept lecture (rules, strategy, fitness principles), 2 technique videos, an AI presentation, 2 homework sets, and a 40-question knowledge assessment. Pair digital knowledge checks with logged physical activity and skill demonstrations tracked outside the platform. Tag items to the SHAPE America standards.

Curriculum Basis & Source Notes

This Grade 10 Physical Education syllabus was generated from the SHAPE America National Physical Education Standards (2024). It pairs digital knowledge instruction with movement, fitness and skill development.

Primary reference	SHAPE America National Physical Education Standards (2024) — Standards 1–4.
Guidance	SHAPE America grade-span learning indicators and national physical-activity guidelines.
State cross-check	Representative state physical-education standards.
LucidPrep alignment	Mapped to LucidPrep's 36-week, 4-module structure with 70% mastery.

Recommended next production step. Define the activity units available at each site, then commission knowledge item banks plus rubrics for skill demonstrations and activity logs, tagged to the SHAPE America standards.
