

LUCIDPREP

Grade 10 United States History II

U.S. Standards-Aligned Course Syllabus

UNITED STATES HISTORY II

U.S. History II · 1877–present

36 weeks • 4 modules • 70% mastery

Curriculum Architecture

This course is organized as 36 weeks across four 9-week modules. Every week follows LucidPrep's established secondary learning cycle: AI Instructor opening, objectives, vocabulary, five warm-ups, main lecture, two short tutorial videos, AI Instructor presentation, two homework sets, and a 40-question assessment.

Mastery standard: 70%+. Students below mastery review the instructional presentation and may retake the assessment, matching the existing LucidPrep secondary model.

U.S. Alignment Note

Social studies has no single national standard. The C3 Framework guides most state standards, paired here with Common Core literacy standards. United States History from Reconstruction to the present is a common Grade 10 course, though many states place the U.S. survey in Grade 11 and some run World History at Grade 10 instead. Placement varies widely by state.

Weekly Learning Cycle

Step	Component	Description

Assessment Philosophy

Assessment is continuous and mastery-based. Each week pairs low-stakes practice (five warm-ups and two homework sets) with a 40-question weekly assessment. Students scoring below 70% review the instructional presentation and retake, so mastery is reached before progressing. Module assessments at Weeks 9, 18 and 27 and a cumulative final at Week 36 measure retention and synthesis.

Assessment & Alignment

Assessment Blueprint

Warm-ups: weekly • Homework: weekly • Weekly assessment: 40 questions • Module assessments: Weeks 9 / 18 / 27 • Final: Week 36 • Below 70%: instructional review and retake.

Standards Alignment

Primary framework	C3 Framework (History emphasis); CCSS literacy RH.9-10 & WHST.9-10
Social Studies Practices	Developing questions and planning inquiries; applying disciplinary concepts and tools; evaluating sources and using evidence; communicating conclusions and taking informed action.
Recurring Concepts	Chronological and spatial reasoning; causation and change; multiple perspectives; evidence and interpretation; civic and economic reasoning.
State mapping	No single national social studies standard; the C3 Framework guides most state standards, and grade placement of specific courses varies widely by state.

Content Production Guidance

Author each week around primary sources and an inquiry question: 5 warm-ups, a lecture with sources and context, 2 videos, an AI presentation with maps/documents, 2 homework sets, and a 40-question bank blending content, source analysis and reasoning. Tag items to C3 and literacy standards.

Curriculum Basis & Source Notes

This Grade 10 social studies syllabus was generated from the C3 Framework and the Common Core literacy standards for history/social studies. It reflects United States History (Reconstruction to the present), a common Grade 10 course; grade placement varies by state.

Primary reference	C3 Framework for Social Studies State Standards (NCSS) — Dimensions 1–4.
Literacy standards	Common Core literacy standards for history/social studies (RH and WHST, grades 9–10).
State cross-check	Representative state standards (e.g., California, Texas, New York).
LucidPrep alignment	Mapped to LucidPrep's 36-week, 4-module structure with 70% mastery.

Recommended next production step. Select the primary-source set and inquiry questions per module, then commission item banks blending content, source analysis and reasoning, tagged to C3 and literacy standards.
