

LUCIDPREP

Grade 10 World Language

U.S. Standards-Aligned Course Syllabus

WORLD LANGUAGE

World Language II

36 weeks • 4 modules • 70% mastery

Curriculum Architecture

This course is organized as 36 weeks across four 9-week modules. Every week follows LucidPrep's established secondary learning cycle: AI Instructor opening, objectives, vocabulary, five warm-ups, main lecture, two short tutorial videos, AI Instructor presentation, two homework sets, and a 40-question assessment.

Mastery standard: 70%+. Students below mastery review the instructional presentation and may retake the assessment, matching the existing LucidPrep secondary model.

U.S. Alignment Note

World/foreign language is required for graduation in some states and strongly recommended in most, and is typically required for college admission. The ACTFL World-Readiness Standards are the dominant national reference. This template is language-agnostic — it applies to Spanish, French, or any offered language — and targets a second-year (Level II) course; the level a Grade 10 student takes depends on when they began the language.

Common Instructional & Assessment Model

Weekly Learning Cycle

Step	Component	Description
1	Opening / Domain Overview	~2-minute AI Instructor introduction
2	Objectives + Vocabulary	Student-facing outcomes and core terminology
3	Warm-Up	5 questions with explanations
4	Main Lecture	Concept instruction, models and examples

Assessment Philosophy

Assessment is continuous and mastery-based. Each week pairs low-stakes practice (five warm-ups and two homework sets) with a 40-question weekly assessment. Students scoring below 70% review the instructional presentation and retake, so mastery is reached before progressing. Module assessments at Weeks 9, 18 and 27 and a cumulative final at Week 36 measure retention and synthesis.

Pair with speaking/writing performance tasks. Tag items to ACTFL standards and proficiency targets.
